Sinhala

About Me

I am a passionate UI/UX Designer and Front-End Developer dedicated to creating clean, responsive, and user-friendly digital experiences. I enjoy transforming ideas into visually appealing designs and bringing them to life with modern web technologies. Skilled in Figma, HTML, CSS, JavaScript, React, and Tailwind CSS, I focus on building interfaces that are both functional and engaging.

PROJECTS

- Weather Web Front-End Project – Designed and developed a responsive weather website with live weather data.
- Login Website – Built a secure and user-friendly login page with modern UI design.
- Portfolio Website – Created a personal portfolio showcasing my work and skills using React and Tailwind CSS.
- Weather App UI Design – Designed a mobile app UI in Figma for weather forecasting.
